High quality adhesives – for efficient processing

With more than 85 years of experience as a manufacturer of adhesives, Planatol is your expert for flexible and reliable adhesive bonds. From development to production, consulting with you on site about your application technology to on-time delivery, we are your partner for wood and furniture adhesives.

We focus on individual and professional consulting and develop innovative and custom-made solutions for your needs. We combine exceptional product quality with process efficiency.

Planatol is system partner to BASF for Kaurit® and Kauramin® glues.
